

# GROUNDS MAINTENANCE ENVIRONMENTAL DO'S and DON'TS

## Why Should I Help?

- Stormwater discharges containing nitrogen and phosphorus can negatively impact water quality.

## What to Do

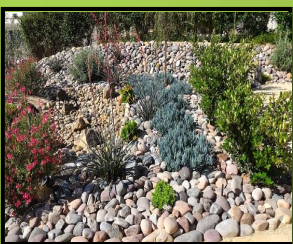

- Sparingly apply fertilizers to lawns and landscapes

- Pick up and properly dispose of pet waste

- Install xeriscaping

## What Not to Do

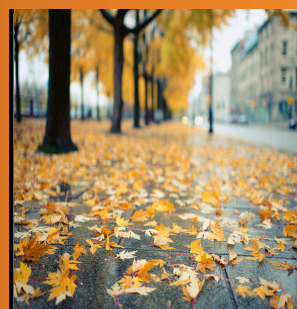

- Apply excess fertilizer to lawns and landscapes

- Wash leaves or lawn waste into storm drains

- Blow leaves or lawn waste into streets

- Report signs of pollution by contacting BSFB 460th CES Stormwater program at (720)-847-6308; [460ces.cevwater@us.af.mil](mailto:460ces.cevwater@us.af.mil) or 460th CES Customer Service at 720-847-9913
