

# MHS GENESIS Prescription Refills

You can now use the [MHS GENESIS Patient Portal](#) to request refills for most prescriptions from your military pharmacy. This new feature, which began Feb. 29, 2024, applies to your existing medications that have remaining refills.

With MHS GENESIS you can:

- See all prescriptions you can refill.
- Select the prescription you want to refill.
- Select where you want to pick up your refill.
- See when your prescriptions are ready for pick up.

If your prescription has no refills left, or it's expired, you'll need to contact your provider for a renewal.

You can do this using a scheduled appointment or you can use the MHS GENESIS Patient Portal to request a renewal. Depending on the medication, you may have to see your provider for a consult.

The MHS GENESIS Patient Portal is a secure website for 24/7 access your health care information. This new feature is part of a suite of tools available to you, including accessing clinical notes, viewing lab and test results, reviewing immunizations.

## FAQs

### What's the difference between prescription refills and renewals?

A refill means you can order a new supply of your medication when you're running low or out of medication without having to go through your provider.

When you run out of medication refills for your medication, you'll need to get a prescription renewal.

This is a new prescription for the same medication.
